ABOUT

The Philippine FinTech Festival is a week-long event that brings together legacy brands, innovators, technologists, government regulators, and startups into an ecosystem that champions the digital and cross-border future of our country.

Along-side is the World FinTech Festival Philippines, an ecosystem that is supporting the digital growth of the ASEAN region and economy.

Both events are part of the overall Digital Pilipinas Festival, in partnership with Elevandi - one of the biggest movers for FinTech in the world and the organizer of the Singapore FinTech Festival.

10 THINGS TO EXPECT

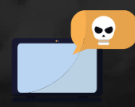

Launch of the World FinTech Festival Philippines and the Philippine FinTech Festival, together with Elevandi (organizers of the Singapore FinTech Festival)

Scheduled meet-up with regional neobanks and wallets, hosted by one of the leading FinTechs in the world.

Side event on AI and blockchain in La Union, scheduled to be hosted by a RegTech duacorn.

Hackathon together with MAS on Web 3.0 executions and sustainable finance.

Additional Hackathon on InsurTech and EnerTech that will provide tech-driven solutions to industry problems.

The launch of the SME Digitalization with India, Singapore, and Ghana - the biggest educational program on financial empowerment in the Philippines.

A continuation of our Innovative Cities program that was launched in Makati, with the awarding in August.

Trade, Technology, and Innovation Tours to Israel, Central Europe, and Singapore in 2022, and HK and Greater China in 2023 (TBC, pending quarantine restrictions).

Launch of trade associations on RegTech, InsurTech, and other relevant industry groups.

Preparation for the Asian Financial Forum that we launched with the HK Trade Development Council to bring more Chinese and Asian tech to the PH.

WHY ATTEND

1

Learn from over 200++ regional and global speakers

in formats ranging from plenary addresses to intimate, interactive summits, and workshops.

2

Network with participants from 250+ organisations

through our dedicated meeting lounges and event app, the official industry party, and 50+ side events across the week.

3

Meet various thought leaders from 25+ industries and sub-industries

spanning from industries namely, Proptech, E-mobility, FinTech, Enertech, SME & E-commerce, Insurtech, Healthtech, Smart Cities, Big Data/AI, Cybersecurity, NFT, Marktech, E-Wallet, Open Finance, Open Banking, Digital Banks, Web 3.0, Tech For Government, Blockchain, Regtech, Technology, Neobanks and ESG.

4

Witness Hackathon winners take their ideas to Singapore

Be part of shaping ASIA's digital economy.
